WHAT PEOPLE SAY

"Madeleine is one of the greatest Motivational Speakers I have ever had the chance to work with during a Workshop for State Street's NextGen. She has the special gift of being able to gain people's attention and making an impact on them"

— **Gonzalo Focillas Singler, Sales Manager, State Street Bank, Luxembourg**

"By applying Madeleine's tips, I was able to get really focused in a recent meeting I chaired and get the results I wanted. I have no doubt we would have discussed priorities and looped round and round but not made progress - necessitating another meeting and so on. Honestly, I think I saved myself (and everyone else in the meeting) months! Great outcome, clear vision and now I have a way forward."

— **Amy Peeters, Director Government Affairs & Policy, Johnson & Johnson**

"During our last Switzerland Convention & Incentive digital event, Madeleine delivered an excellent talk on lessons from the virtual world. Her dynamism and inspiration made this event a success. She is thorough, entertaining and an excellent communicator. I hope I will have the pleasure to work together in the future."

— **Myriam Winnepenickx, Manager Belux, Switzerland Convention & Incentive Bureau**
